Value In Curing Kidney Trouble.

Old age pays the cost of living. Few men and women of fifty, sixty and seventy are free of Kidney Trouble. Hard work, mental strain and general debitity, tell in the long run. And many men and women show they have Kidney Trouble by suffering with pain in the back, headaches, ribumatism, sciatics, bladder disease.

To such people "Piruit-a-tives" has proved one of the wonders of the control of the strain of the control o

ANOTHER THINK COMING. ANOTHER THINK COMING.
One Opposition romaneer tried to tell an audience in the Sturgeon the other evening that the Provincial telephone system has been losing money. The Opposition candidate in the same riding is excelled with having declared in a speech that he had authority from Mr. Borden to promise Federal money for road improvement in the constituency. Neither of these statements is farther from the truth than the declaration these statements is farther from the truth than the declaration made by Mr. Taylor in his nomi-nation paper, that he is a resident of North Edmonton. It seems to be the opinion of that gentleman and his supporters that the people of the Sturgeon do not know a prevarienter when they see one.

## WHAT THE ADMIRALTY WANT.

WANT.

The Laurier naval policy was not an expedient of the hour, adopted either to make an appearance of doing something big, or to get out of doing anything worth while. It was a proposal that a beginning be mode in what must be the ultimate and permanent scheme of naval defence, if the Pacifal Ven., it is how continued to the proposal of the pro annoanny demonstrated that the supposed one. That should end the talk of the necessity of mak-ing a donation in eash or ships, which the Old Land does not need and does not want. But it does ing a donation in east or supe-which the Old Land does not need and does not want. But it does not excuse Canada from anking a squadron of her own in keeping with the plans of the Admiralty and with our duty as a part of a great marilium power. Thusks to the dominance of the Nationalists, the have lost six months in making the start, but that is all the more reason why the start should be reason why the start should be week it would be simply wasting time and making a faise pretense to send'a Ministerial delegation to lead to the control of the send of the control of the control to be control of the control of the Admiralty want Canada to the The Admiralty have already spoken; they want the Laurier na-val policy gone alaced with.
